To Whom It May Concern

Dear Sirs,

**Pope Plant Ltd
Braeside
Weaving Street
Mainstone
Kent**

I write as Director of Cory Environmental Resource Management, to provide a reference for the above Contractor.

Pope Plant Ltd have undertaken numerous earthworks and landfill cell engineering works at a number of my sites in the South East over the past 3 years. Plant Plant have competitively tendered for these works and on each occasion has successfully delivered an efficient and reliable service, achieving the objectives on all occasions. A clear strength of Pope Plant is the close and direct management of all works by Craig Pope, who has consistently demonstrated the desire to complete works efficiently and cost effectively, even on occasion when unforeseen circumstances may occur.

I would have no hesitation in recommending Pope Plant Ltd.

Yours Faithfully,
